Honorable Supervisors Groom and Slocum,

I live in District 2 and get the District 4 Newsletter.

I recommend:

1. That you direct the Advisory Commission to include in their presentation to the Board of Supervisors, how these maps meet the major concerns/interests of the commission and input by the public. Commission James Laurence mentioned the top three concerns/interests were.
   a. Keeping cities within one district.
   b. Keeping the coast together.
   c. Keeping the lower income areas in North Fair Oaks/Redwood City/Menlo Park together.
2. That they complete a table similar to the one below to compare the various maps.

At their Oct 28, 2021 Supervisorial District Lines Advisory Commission meeting they are agreed to submit two maps.
- Unity Map (provided by Thrive Alliance): https://smcdistrictlines.org/wp-content/uploads/2021/10/Unity-Map.pdf.
- Espinosa Map (provided by Rudy Espinoza): https://smcdistrictlines.org/wp-content/uploads/2021/10/Comm-Espinoza.pdf

In my opinion the City Focus Maps should be considered.
