3. Discuss Public Hearing Format

Lead Deputy County Counsel Brian Kulich discussed the public hearing format for Item No. 4 and asked that verbal roll call votes be taken for all motions to meet the Brown Act requirements.

4. Pre-Mapping Public Hearing

a. Information Presentation: Redistricting Process and Mapping Tools

**Speaker(s):**

Kristen Parks, National Demographics Corporations

Commissioner Espinoza asked if “DistrictR” has been updated with the latest Census data release. Ms. Parks mentioned that “DistrictR” has not been updated yet because the State of California has not released the data, which might occur on or around September 20, 2021.

Commissioner Chow asked if there is a bubble map/chart that shows a large population of a district that can be moved around to another district so there is equal distribution of population among all five districts. Ms. Parks mentioned that in the “Maptitude” and “DistrictR” online tools, there is an option to move around the population but there is not a specific bubble chart. The online mapping tools do have data layers and drawing tool capabilities.

Commissioner Chan asked if the instructional YouTube videos on the mapping tools are also available in other languages besides English for the public. Ms. Parks mentioned that there is a function on YouTube’s auto generate but it’s not perfect and there is no closed captioning in other languages; however, staff can look into providing these videos in other languages.

Commissioner Monzon-Ruiz asked whether there is an option to create one more district to the County to serve our communities better. Mr. Mates and Counsel mentioned that this is not an option for this commission and can only be done by amending the County Charter.
