

Community of Interest : Entry # 26**Community Name:**

resident of San Mateo County

What is your Community of Interest?

what an insidious question is asked here! As if we don't already have enough tribalism and division in our community, the question prompts us to create one to assign ourselves to. If I have to be in a community, make it that of people who live here, who believe in broadly shared economic growth, fairness and respect, and commitment to truth and science.

Where is your Community?

The SMC boundaries are arbitrary but we will have to live with them.

How is your Community Impacted?

The BOS, I Have learned, is remarkably powerless outside of the unincorporated areas. I wish they had more power and that the municipalities had less.

Optional Information**Name**

William Kelly

Email**Which District do you live in?**

District 3

Can we contact you with additional redistricting information?

Yes
