Coastside

**What is your Community of Interest?**

The Coastside is an identified shared area and community of interest. Pacifica, Half Moon Bay, and Pescadero share a geographic relationship to the coast which affects their daily living, work, transportation, recreation, and quality of life. The Coastside should be in one district. The Coastside News Group Inc. publishes the Pacifica Tribune, Half Moon Bay Review, Pescadero Pebble, and the Coastside monthly magazine. Advertising, businesses, community activities are all coastside-related. Dividing the Coastside into separate political districts drastically alters the Coastside's identification.
